<b>TOTAL IN residents covered by a smoke free law:</b>	<b>1,850,132 / 6,080,485 = 30.4%</b>
--	--------------------------------------

\*Does not meet the conclusion from the The Health Consequences of Involuntary Exposure to Tobacco Smoke: A Surgeon General's Report, 2006, that states, "eliminating smoking in indoor spaces fully protects nonsmokers from exposure to secondhand smoke. Separating smokers from nonsmokers, cleaning the air, and ventilating buildings cannot eliminate exposures of nonsmokers to secondhand smoke." These communities were not included in the population estimate -- % of IN residents protected by SF ordinances.

\*\*The Monroe County ordinance was amended in March 2009 to prohibit smoking in vehicles with children (13 yrs of age or younger) present.
